

OFFICE OF
LORRAINE WALSH
MAYOR

VILLAGE OF LARCHMONT
MUNICIPAL BUILDING
120 LARCHMONT AVENUE
LARCHMONT, N.Y. 10538
TEL.: (914) 834-6230
FAX: (914) 833-2170

You may have recently received a letter from **Sustainable Westchester** regarding your electricity supplier. This letter is not a scam.

The Village of Larchmont, along with over twenty other Westchester municipalities, adopted a local law which allows us to participate with **Sustainable Westchester** in *Westchester Power* (formerly known as Community Choice Aggregation (CCA) program).

Westchester Power is a community-based bulk energy purchasing program intended to lower costs and increase the use of renewable energy in Westchester County.

On behalf of the participating municipalities, *Westchester Power* has negotiated to buy electricity at a bulk, fixed price from a single supplier for each jurisdiction in the program. For residents and small businesses in these municipalities, *Westchester Power* will automatically become the default electricity provider, allowing the purchase of electric supply at the contracted fixed rate.

Con Edison or NYSEG will continue to handle the consumer's billing, deliver electricity, maintain power lines, and respond to service outages.

The Village of Larchmont has chosen the Green Energy Option as the default option for our residents. You have the ability to opt down to the basic supply option or opt out of the program if you wish. If you do nothing, you will automatically be enrolled in *Westchester Power*.

Please visit the website <http://westchesterpower.org/choices/> for more information about the program and how to opt in, opt out or opt down.
