

Minutes attachment 1/11/2021

Michael Gottfried of 16 Ocean Avenue was next to address the meeting about the Sanitation Reorganization that is ongoing. He is troubled by the lack of information that is being presented to the public related to the allocation of costs between the Village and the Town related to the 2021 sanitation budget. He believes there should be more disclosure of items such as the 1989 Memorandum that was recently uncovered by the Superintendent related to the methodology of distributing tonnages of two shared routes. He also asked the Board to watch a recent Town Board work session where the topics of appointments of residents by the Village to an oversight commission and jurisdiction of Town officers to enforce laws in the Village were discussed. Lastly, Mr. Gottfried asked the Board to consider a Village-run sanitation operation and private carting option as part of its deliberations on whether to agree to go to an expanded Town Sanitation District which includes Village residents.
